PRODUCT UPDATES

FALL 2016

PACIFICA™ WITH PROPEDESTAL®

Pacifica™ Chair Features:

- **Water-Resistant, Dry-Ride™ Seat** – Foam seat padding is formulated with a urethane skin surface to seal out water, providing a dry, comfortable ride and longer seat life
- **Bottomless Comfort** – Internal spring system provides shock isolation and eliminates bottoming out while seated
- **Internal Corrosion Protection** – Rugged internal steel frame and serpentine spring are pre-treated and painted with a frame finish of baked powder TGIF Powder Coat Finish, meeting 1,000-hour corrosion resistance
- **Ergonomic Seat Cushion** – Molded, high density contoured foam seat cushion provides enhanced fit and comfort
- **Marine-Rated Upholstery** – Mildew-resistant, UV-resistant Naugahyde® vinyl

ProPedestal® Shock Mitigation Features:

- Aerospace Marine Alloy construction
- Coil Over/Dual Spring technology supports a wide range of occupant weights
- 5" (127mm) shock travel reduces impact over 50%
- 2 $\frac{7}{8}$ " (73mm) diameter post designed to fit all swivel mounts and spider/slider seat adapters
- Height adjustability
- 5 year warranty on all pedestals and components
- Lifetime warranty on damper
