# STEERING HAS NEVER BEEN THIS EASY!

What if you could **STEER YOUR KICKER MOTOR** without having to worry about the tiller arm or a bulky connection kit to your main engine?

What if you could **FISH OR CRUISE** without having to continuously adjust your course from your main helm?

What if you could **DO ALL THIS WIRELESSLY**, with no cables to get in the way?

Intellisteer® boat remote steering offers a full range of products that are easy to install, easy on the wallet and make fishing and boating a whole lot easier and more fun!

## KEY FEATURES:

- Models for control of kicker motor
- Models for both cable and hydraulic steering systems
- Wireless control module plus handheld pendant - steering in the palm of your hand
- Steer, fish and cruise from anywhere on the boat
- Easy DIY installation - no need for professional installer
- 2 Year limited warranty - purchase with confidence

## WIRELESS CONTROLLER & RECEIVER

- Meets FCC standards
- Additional Handheld pendant and receiver can be paired in field
- Pendant and receiver auto-off in 30 minutes if no usage
- Over 1 Million control codes provide enhanced security

## HANDHELD PENDANT

- Water proof
- Includes lanyard

## WIRELESS RECEIVER & MOTOR CONTROLLER

- Waterproof
- Motor drive capability up to 25A
- Overload protection
- Reverse polarity protection
- 12V DC nominal (9V min - 16V max operating range)
- Offers pass-through capability for Autopilot motor and clutch control circuits

PID: INTTYPEA

## TYPE A - FOR BOATS WITH AN EXISTING AUTOPILOT

- No need for additional drive units. The Intellisteer® Wireless Controller is designed to be wired between a Course Computer and Autopilot Drive
- When the Intellisteer® Wireless Controller is activated, it will disconnect the autopilot and provide wireless jog steering control from anywhere on the boat
- When the Intellisteer® Wireless Controller is turned off, the Autopilot will function as before

PID: INTTYPER

### TYPE R – FOR CABLE STEERED BOATS WITH AUXILIARY OUTBOARDS

- Drive connects to kicker
- Electronic clutch disengages for manual steering
- Rotary drive system
- Safety override technology
- Current **1.25A typical, 5A peak**
- **6 ft** steering cable for connecting drive unit included
- Requires outboard link arm assembly

PID: INTTYPES, INTTYPET

### TYPE S/T – FOR CABLE STEERED BOATS WITH A DASH MOUNTED WHEEL

- Drive connects to kicker
- Electronic clutch disengages for manual steering
- Rotary drive system
- Safety override technology
- Current **1.25A typical, 5A peak**
- **6 ft** steering cable for connecting drive unit included
- Requires outboard link arm assembly

PID: INTTYPEH

### TYPE H – FOR BOATS WITH HYDRAULIC STEERING

- Connects to any hydraulic steering system
- Rugged Octopus® hydraulic pump
- Adds pushbutton steering to your hydraulic steering
- Current **3-6A Typical, 15A Peak**
- Includes all hoses and fittings

## ACCESSORIES

### ADDITIONAL PENDANTS:

**OCTAFINTHHFC**, Wireless Pendant. For adding a second pendant, or to replace the original. Can be paired in field with an existing receiver.

### CONNECTIONS — OUTBOARD:

**OC15SUK31A**, Linkage arm for Merc 9.9hp, 4 Stroke — STRB Side  
**OC15SUK31B**, Linkage arm for Merc 9.9hp, 4 Stroke — Port Side

**OC15SUK16**, 19mm (0.75") Spacer Kit, use with 90 Degree Bezel  
**OC15SUK18**, 13mm (0.51") Spacer Kit, use with Teleflex Performance Tilt (Type T System)
